

Packaging Environmental Labelling

Our Packaging

Through innovation and forward thinking, we design product and packaging to reduce the possible impact on the environment. Our products are designed to be durable and collectible, increasing the likelihood that they will be handed down or shared with others for their enjoyment.

Funko encourages the reuse of packaging, instead of disposal.

BOX

PAP21

PAPER COLLECTION

WINDOW

PET1

PLASTIC COLLECTION

We recommend removing the window and flattening the box to reduce its volume.
ALWAYS CHECK THE PROVISIONS OF YOUR MUNICIPALITY.
